### **INDEPENDENT AUDITORS' REPORT ON AUDIT OF FINANCIAL STATEMENTS**

To,  
The Members,  
Better Power Projects Private Limited,  
Surat.

#### **OPINION:**

We have audited the accompanying financial statements of Better Power Projects Private Limited, ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss, Cash Flow Statement and Statement of Changes in Equity for the year ended and notes to financial statements, including a summary of the material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at Balance sheet date and its loss for the year ended on that date.

#### **BASIS FOR OPINION:**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the financial statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **KEY AUDIT MATTERS:**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Reporting of key audit matters as per SA 701, Key Audit Matters are not applicable to the company as it is an unlisted company.

#### **OTHER INFORMATION:**

The Company's board of directors are responsible for the preparation of the other information. The other information comprises the financial and non-financial information included in the Board's Report including Annexures to Board's Report, Business Responsibility Report but does not include the financial statements and our auditor's report thereon.

# **Suresh I Surana & Associates**

## **Chartered Accountants**

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. We have nothing to report in this regard.

### **RESPONSIBILITY OF MANAGEMENT FOR THE FINANCIAL STATEMENTS:**

The company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance of the company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the company and for preventing and detecting frauds and other irregularities; selection of the appropriate accounting software for ensuring compliance with applicable laws and regulations including those related to retention of audit logs; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and designing, implementing and maintaining of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

### **AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF FINANCIAL STATEMENTS:**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

# **Suresh I Surana & Associates**

## **Chartered Accountants**

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on effectiveness of the internal financial controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS:**

1. As required by the Companies (Auditors' Report) Order, 2020 (the "Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the **"Annexure -A"**, statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

# **Suresh I Surana & Associates**

## **Chartered Accountants**

2. As required by section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- (c) The balance sheet, the statement of profit and loss (including other comprehensive income), the cash flow statement, the statement of change in equity, and notes to the financial statements dealt with by this report are in agreement with the books of account.
- (d) In our opinion, the aforesaid financial statements comply with the Indian accounting standards specified under section 133 of the Act, read with rule 7 of the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.
- (e) On the basis of the written representations received from the directors as on Balance sheet date taken on record by the Board of Directors, none of the director is disqualified as on Balance sheet date from being appointed as a director in terms of Section 164(2) of the Act.
- (f) Since the Company's turnover as per last audited financial statements is less than Rs.50 Crores and its borrowings from banks and financial institutions at any time during the period is less than Rs.25 Crores, the Company is exempted from getting an audit opinion with respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls vide notification dated June 13, 2017.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197 (16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company is private limited company which is not governed by section 197 of the Act and accordingly, requirement u/s. 197(16) is not applicable.
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial positions in its financial statements (Refer "Contingent Liabilities & Capital Commitment" Note of the financial statements)
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - iii. The Company does not require transferring any amount to the Investor Education and Protection Fund.

# **Suresh I Surana & Associates**

## **Chartered Accountants**

iv. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

v. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

vi. We have not come across any transaction related to clause (iv) & (v) which caused us to believe that the representations related to clause (iv) & (v) contain any material mis-statement.

vii. The Company has neither declared nor paid any dividend during the year.

3. Based on our examination which included test checks, the Company, in respect of financial year commencing on 1 April 2024, have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with. Furthermore, the audit trail has been preserved by the Company as per the statutory requirements for record retention from the date the audit trail was enabled for the accounting software.

**BETTER POWER PROJECTS PRIVATE LIMITED**

**CIN: U43222GJ2023PTC146471**

**Notes forming part of the financial statements**

*For the year ended 31 March, 2025*

**1) Corporate Information:**

Better Power Projects Private Limited ('the Company') is engaged in the business of providing services involving distribution of air conditioning supply and trading activities.

The Company was incorporated vide corporate identification No. U43222GJ2023PTC146471 issued by registrar of companies, Ahmedabad, Gujarat.

The Company is a private limited Company incorporated and domiciled in India. The address of its registered Office SH-806, Blue Point, Opp. D Mart, Sarthana, Varachha Road, Surat, Gujarat, India, 395006.

**2) Material Accounting Policies**

**a. Basis of Preparation of Financial Statements**

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013, [Companies (Indian Accounting Standards) Rules, 2015] as amended, and other relevant provisions of the Companies Act, 2013.

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities that are measured at fair value or amortized cost, as required under Ind AS.

The Company's functional and presentation currency is Indian Rupees (INR), and all values are rounded to the nearest million except when otherwise indicated.

**b. First-time Adoption of Ind AS**

The Company has adopted Ind AS and accordingly it has prepared its financial statements for the year ended March 31, 2025, in accordance with Ind AS, for the first time, with the transition date being November 24, 2023 (Date of Incorporation).

The Company has elected to apply certain optional exemptions and mandatory exceptions as provided in Ind AS 101.

The impact of transition from previous GAAP to Ind AS has been accounted for and the reconciliations of total comprehensive income from previous GAAP to Ind AS have been provided in the notes to the financial statements.

**c. Classification of Assets and Liabilities into Current/Non-Current**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

# **BETTER POWER PROJECTS PRIVATE LIMITED**

**CIN: U43222GJ2023PTC146471**

**Notes forming part of the financial statements**

*For the year ended 31 March, 2025*

## **2 Material accounting policies (continued)**

**Current Assets:** An asset is classified as current when it is expected to be realized, or intended to be sold or consumed in the normal operating cycle, or within 12 months after the reporting period, or it is cash or a cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

**Non-Current Assets:** All assets other than Current Assets are classified as non-current.

**Current Liabilities:** A liability is classified as current when it is expected to be settled in the normal operating cycle, or it is due to be settled within 12 months after the reporting period, or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

**Non-Current Liabilities:** All liabilities other than Current Liabilities are classified as non-current.

The Company's operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. The Company has identified less than 12 months as its operating cycle.

### **d. Property, Plant, and Equipment (PPE)**

PPE are recognized at cost, less accumulated depreciation and impairment losses, if any. Cost includes the purchase price and directly attributable costs to bring the asset to its working condition for intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset if it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably.

Depreciation on PPE is provided using the Written Down Value (WDV) method over the estimated useful lives of the assets as prescribed under Schedule II to the Companies Act, 2013. The residual values, useful lives, and methods of depreciation are reviewed at each financial year-end and adjusted prospectively if necessary.

### **e. Capital Work-in-Progress (CWIP)**

Capital Work-in-Progress includes the cost of PPE that is under construction or not yet ready for intended use as at the balance sheet date.

CWIP is carried at cost, comprising direct cost, related incidental expenses, and borrowing costs where applicable.

# **BETTER POWER PROJECTS PRIVATE LIMITED**

**CIN: U43222GJ2023PTC146471**

**Notes forming part of the financial statements**

*For the year ended 31 March, 2025*

## **2 Material accounting policies (continued)**

### **f. Impairment of Non-Financial Assets**

At each reporting date, the Company assesses whether there is any indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount, which is the higher of its fair value less costs to sell and its value in use.

If the carrying amount of the asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognized in the statement of profit and loss. For assets, excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such an indication exists, the Company estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized.

### **g. Provisions, Contingent Liabilities, and Contingent Assets**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects current market assessment of time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Claims against the Company where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in special purpose financial statements since this may result in the recognition of income that may never be realised. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognised. A contingent asset is disclosed, in special purpose financial statements, where an inflow of economic benefits is probable.

# **BETTER POWER PROJECTS PRIVATE LIMITED**

**CIN: U43222GJ2023PTC146471**

**Notes forming part of the financial statements**

*For the year ended 31 March, 2025*

## **2 Material accounting policies (continued)**

### **h. Income Taxes**

Current tax is recognized based on the taxable profit for the year, using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the special purpose financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses, and unused tax credits can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities, and when the deferred tax balances relate to the same taxation authority.

### **i. Investments and other financial assets**

#### **i) Classification**

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through statement of profit and loss); and
- those measured at amortized cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

#### **ii) Initial measurement**

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets at fair value through profit or loss) are added to the fair value of the financial assets, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are recognised immediately in statement of profit and loss.

#### **iii) Subsequent measurement – debt instruments**

Subsequent measurement of the debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. The Company classifies its debt instruments in the following three categories:

# **BETTER POWER PROJECTS PRIVATE LIMITED**

**CIN: U43222GJ2023PTC146471**

**Notes forming part of the financial statements**

*For the year ended 31 March, 2025*

## **2 Material accounting policies (continued)**

**Amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not a part of the hedging relationship is recognized in the statement of profit and loss when the asset is derecognized or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

**Fair value through other comprehensive income (FVTOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets where the assets cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (OCI). Movements in the carrying amount are taken through OCI, except for recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in the statement of profit and loss. When financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other gains / losses. Interest income from these financial assets is included in other income using the effective interest rate method.

**Fair value through profit or loss (FVTPL):** Assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not a part of hedging relationship is recognized in the statement of profit and loss. Interest income from these financial assets is included in other income.

### **IV) Subsequent measurement – equity instruments**

The Company subsequently measures all equity instruments at fair value. When the management has elected to present fair value gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to statement of profit and loss. Dividends from such investments are recognized in the statement of profit and loss as other income when the Company's right to receive payment is established. Changes in the fair value of financial assets at FVTPL are recognized in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

### **V) Impairment of financial assets**

Expected credit losses are recognised for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

Expected credit losses is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

# **BETTER POWER PROJECTS PRIVATE LIMITED**

**CIN: U43222GJ2023PTC146471**

**Notes forming part of the financial statements**

*For the year ended 31 March, 2025*

## **2 Material accounting policies (continued)**

In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

For financial assets other than trade receivables, the Company recognises 12 month expected credit losses as per Ind AS 109 for all originated or acquired financial assets, if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses, if the credit risk on financial asset increases significantly since its initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

### **vi) De-recognition of financial assets**

A financial asset is de-recognized when the Company has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients. When the Company has transferred an asset, it evaluates whether it has transferred substantially all the risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Company has neither transferred a financial asset nor retains substantially all the risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Company has not retained control of the financial asset.

### **j. Financial liabilities and equity instruments**

#### **Classification as debt or equity**

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

#### **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

#### **Financial liabilities**

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortized cost, using the effective interest rate method. Interest-bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortized cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognized over the term of the borrowings in accordance with the Company's accounting policy for borrowing costs.

# **BETTER POWER PROJECTS PRIVATE LIMITED**

**CIN: U43222GJ2023PTC146471**

**Notes forming part of the financial statements**

*For the year ended 31 March, 2025*

## **2 Material accounting policies (continued)**

### **Fair value measurement of financial instruments**

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), correlation and volatility.

### **Derivative financial instrument**

The Company holds derivative financial instruments such as foreign exchange forward contracts (not designated as cash flow hedges) to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

### **Financial assets or financial liabilities, at fair value through profit or loss**

This category has derivative financial assets or liabilities which are not designated as hedges. Although the Company believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109 Financial Instruments. Any derivative that is either not designated as hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss. Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

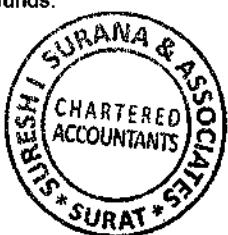

### **Derecognition of financial liabilities**

The Company derecognizes financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

#### **k. Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction, or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

# **BETTER POWER PROJECTS PRIVATE LIMITED**

**CIN: U43222GJ2023PTC146471**

**Notes forming part of the financial statements**

*For the year ended 31 March, 2025*

## **2 Material accounting policies (continued)**

### **I. Earnings Per Share**

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after-income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

### **m. Cash and Cash Equivalents**

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

### **n. Revenue Recognition**

#### **(i) Revenue from Contracts with Customers**

Revenue is recognised on the basis of approved contracts regarding the transfer of goods or services to a customer for an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of consideration received or receivable taking into account the amount of discounts, incentives, volume rebates, and outgoing taxes on sales.

Using the practical expedient in Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

#### **(ii) Interest income is recognised using the Effective Interest Rate Method.**

### **o. Inventories**

Inventories are stated at the lower of cost and net realisable value.

Cost of raw materials include cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of finished goods and work in progress include cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost of traded goods include purchase cost and inward freight. Costs of inventories are determined on FIFO basis. Net realisable value represents the estimated selling price for inventories (including raw materials and finished goods) less all estimated costs of completion and costs necessary to make the sale.

**BETTER POWER PROJECTS PRIVATE LIMITED**

**CIN: U43222GJ2023PTC146471**

**Notes forming part of the financial statements**

*For the year ended 31 March, 2025*

**2 Material accounting policies (continued)**

**p. Exceptional items**

Exceptional items refer to items of income or expense, including tax items, within the statement of profit and loss from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Company.

**q. Cost recognition**

Costs and expenses are recognised in statement of profit and loss when incurred and are classified according to their nature.

**r. Recent accounting pronouncements**

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended 31 March 2025, MCA has notified Ind AS 117 - Insurance Contracts and amendments to Ind AS 116 - Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. 01 April 2024. The Group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its standalone financial statements.

**25 Financial Instruments- Accounting, classifications and fair value measurements:**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- Fair value of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to the short term maturities of these instruments.
- Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluations, allowances are taken to account for the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets and liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Particulars	Carrying Amount	Fair value measurement using Level 3

**26 Financial risk management objectives and policies:****Objectives and policies :**

The management of the Company has implemented a risk management system that is monitored by the Board of Directors. The general conditions for compliance with the requirements for proper and future-oriented risk management within the Company are set out in the risk management principles. These principles aim at encouraging all members of staff to responsibly deal with risks as well as supporting a sustained process to improve risk awareness. The guidelines on risk management specify risk management processes, compulsory limitations, and the application of financial instruments. The risk management system aims at identifying, analyzing, managing, controlling and communicating risks promptly throughout the Company. Risk management reporting is a continuous process.

The Company is exposed to credit, liquidity and market risks (foreign currency risk and Interest Rate Risk) during the course of ordinary activities. The aim of risk management is to limit the risks arising from operating activities and associated financing requirements by applying selected derivative and non-derivative hedging instruments.

**a) Market Risk****Interest Rate Risk**

Interest rate risk results from changes in prevailing market interest rates, which can cause a change in the fair value of fixed rate instruments and changes in the interest payments of the variable rate instruments. The management is responsible for the monitoring of the group interest rate position. Various variables are considered by the management in structuring the group borrowings to achieve a reasonable, competitive cost of funding. The Company has interest rate risk exposure mainly from changes in rate of interest on borrowing. Currently company has obtained loans from holding company at 9% rate of interest.

**b) Liquidity risk**

Liquidity risk is the risk that the Company is unable to meet its existing or future obligations due to insufficient availability of cash or cash equivalents. Managing liquidity risk, and therefore allocating resources and hedging the Company's financial independence, are some of the central tasks of the Company's treasury department. In order to be able to ensure the Company's solvency and financial flexibility at all times, long-term credit limits and cash and cash equivalents are reserved on the basis of perennial financial planning and periodic rolling liquidity planning. The Company's financing is also secured for the next fiscal year.

**Maturity profile of financial liability**

The table below provide details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

As at 31 March, 2025	Up to 12 months	More than 12 months	Total
Borrowings	58.65	-	58.65
Trade Payables and Other Payables	2.80	-	2.80

As at 31 March, 2024	Up to 12 months	More than 12 months	Total
Borrowings	0.10	-	0.10
Trade Payables and Other Payables	0.01	-	0.01

**28** In the opinion of the Board, any of the assets other than Property, Plant & Equipments and Non Current Investments have a value on realization in the ordinary course of the business at least equal to the amount at which they are stated. The provisions for all determined liabilities are adequate and not in excess of the amount reasonably required.

**29 Earnings Per Share**

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the Period / Year. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as of the beginning of the Period / Year, unless issued at a later date. Dilutive potential equity shares are determined independently for each Period / Year presented. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all Period / Years presented for any share splits and bonus share issues including changes effected prior to the approval of the standalone financial statements by the Board of Directors.

Basic Earnings Per Share	For the year ended 31st March 2025	For the period from 24-11-2023 to 31-03-2024

b)

Ratio	Name of ratio	Numerator	Denominator	As at March 31, 2025	As at March 31, 2024	Variations	Reason for variation
Current ratio	Current assets	Current assets	Current liabilities	0.11	1.62	-89.13%	During the year, the company obtained short-term financing from both the holding company and related parties, which significantly increased the current liabilities. However, this increase in liabilities was not matched by a corresponding increase in current assets, leading to a sharp deterioration in the current ratio.
Debt-equity ratio	Non-current and current borrowing	Total equity	Total equity	(54.31)	1.11	-550.56%	The company reported a substantial loss, which has eroded the shareholders' equity base, turning it negative. As the equity component of the ratio decreases and becomes negative, it significantly impacts the debt-equity ratio.
Debt service coverage ratio	Earnings before interest, depreciation and taxes (excluding other income) (EBIDTA)	Interest expense on total borrowings plus principal repayments of non-current borrowings	Interest expense on total borrowings plus principal repayments of non-current borrowings	0.11	-	-5.64%	There is no interest expense during previous year. During current year, Company obtained substantial short-term financing from both the holding company and related parties.
Return on equity ratio	Net profit after tax	Average equity	Average equity	236%	-22%	135.84%	The company incurred a significant loss during the current year, which further eroded the negative shareholders' equity.
Trade receivables turnover ratio	Revenue from operations	Average Trade receivables	Average Trade receivables	1.69	-	1.66%	During the previous financial year, the company did not generate any revenue from operations.
Net profit ratio	Net profit after tax	Total Revenue	Total Revenue	-363%	0%	-2702.00%	The company incurred a significant loss during the current year.
Return on capital employed	Earnings before interest and taxes (EBIT)	Capital Employed (total equity + total debt + deferred tax liability)	Capital Employed (total equity + total debt + deferred tax liability)	-0.44%	-5.26%	-100.44%	Due to a significant increase in short-term borrowings and losses incurred during the current financial year.

c) The Company does not have any Benami property, where any proceeding has been initiated or pending against the Company for holding any Benami property.

d) The Company has not been declared as a wilful defaulter at any time during the financial year or after the end of reporting period but before the date when the financial statements are approved.

e) The Company does not have any transactions with struck-off companies.

f) The Company does not have any transactions or satisfaction which is yet to be registered with the Registrar of Companies (ROC) beyond the statutory Period / Year.

g) The Company has complied with the number of layers prescribed under clause (57) of section 2 of the Companies Act, 2013 read with Companies (Restrictions on number of Levers) Rules, 2017

h) The Company has not advanced or loaned or invested funds to any other person(s) or entity(s), including foreign entities/intermediaries, with the understanding that the intermediary shall:

- Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company, (Ultimate Beneficiaries), or
- Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

i) The Company has not received any funds from any person(s) or entity(s), including foreign entities (Funding Party) with the understanding (whether recorded in writing or otherwise) that the Company shall:

- Directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (Ultimate beneficiaries), or
- Provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries.

j) The Company does not have any transactions which is not recorded in the books of accounts but has been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (such as, search or survey or any other relevant provisions of the Income Tax Act, 1961).

k) The Company has not traded or invested in Crypto currency or Virtual Currency during the financial year.

**NOTES FORMING PART OF THE FINANCIAL STATEMENTS**

**33 First-time adoption of Ind AS:**

These financial statements have been prepared in accordance with Ind AS prescribed under section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India and as notified by Ministry of Corporate Affairs.

The Company has opted to avail the choices available for certain transitional provisions within Ind AS 101, 'First-time adoption of Indian Accounting Standards', which offers exemption from applying specified Ind AS retrospectively. The most significant of these provisions are in the following areas:

**1. Classification and measurement of financial assets**

The Company assessed the conditions for classification of financial assets and accordingly classified its financial assets at either amortised cost, fair value through other comprehensive income or fair value through profit and loss account, as appropriate, under the provisions of Ind AS 109, 'Financial Instruments'.

**Reconciliation of net worth and net income between Indian GAAP and Ind AS Standalone financial statements.**

**A. Reconciliation of shareholders' equity as per Indian GAAP and Ind AS Standalone financial statements**

Particulars	As at March 31, 2024
Net worth as per Indian GAAP	0.09
Adjustments	-
<b>Total impact on net worth</b>	<b>0.09</b>
<b>Total shareholders' equity as per Ind AS standalone financial statements</b>	<b>0.09</b>

**B. Reconciliation of net profit as per Indian GAAP and Ind AS financial statements**

Particulars	For the period ended March 31, 2024
Net Profit as per Indian GAAP	(0.01)
Adjustments	-
<b>Net profit as per Ind AS financial statements</b>	<b>(0.01)</b>
Re-measurement of net-defined employee benefits plan	-
Deferred Tax (Benefit/(expense))	-
<b>Total comprehensive income as per Ind AS financial statements</b>	<b>(0.01)</b>

**Notes to the reconciliations.**

**(a) Borrowing at amortised cost:**

Ind AS 109 requires transaction costs incurred towards origination of borrowings to be deducted from the carrying amount of borrowings on initial recognition. These costs are recognised in the profit or loss over the tenure of the borrowing as part of the interest expense by applying the effective interest rate method.
