Independent Auditor's Examination Report on Restated Financial Information

To,
The Board of Directors
Rayzon Solar Limited
1104-1107 & 1109-1110, 11th Floor,
Millenium Business Hub,
Opp. Deep Kamal Mall, Varachha Road,
Sarathana Jakatnaka, Varachha Road,
Surat, Gujarat, India - 395006

Dear Sirs,

1. We have examined the attached Restated Financial Information of **Rayzon Solar Limited (the "Company" or "Issuer")** and its subsidiaries (the Company and its subsidiaries together referred to as the "Group") comprising the Restated Consolidated Statement of Assets and Liabilities as at December 31, 2024, the Restated Standalone Statement of Assets and Liabilities as at March 31, 2024, March 31, 2023 and March 31, 2022, the Restated Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Restated Consolidated Statement of Cash Flow and the Restated Consolidated Statement of Changes in Equity for the nine months period ended December 31, 2024 and the Restated Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Restated Standalone Statement of Cash Flow and the Restated Standalone Statement of Changes in Equity for the years ended March 31, 2024, March 31, 2023, March 31, 2022, and the Material Accounting Policies and Explanatory Information (**collectively, the "Restated Financial Information"**), as approved by the board of directors of the Company at their meeting held on June 17, 2025 for the purpose of inclusion in the draft red herring prospectus ("**DRHP**"), (the "**Offering Document**"), proposed to be filed with the Securities and Exchange Board of India ("**SEBI**"), BSE Limited and National Stock Exchange of India Limited (collectively, the "**Stock Exchanges**") in connection with its proposed initial public offer of equity shares of face value of Rs. 2 each of the Company ("**Issue**") and prepared in terms of the requirements of:
 - a) Section 26 of Part I of Chapter III of the Companies Act, 2013, as amended (the "**Act**")
 - b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("**ICDR Regulations**"); and
 - c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("**ICAI**"), as amended from time to time (the "**Guidance Note**").

2. The Company's management is responsible for the preparation of the Restated Financial Information for the purpose of inclusion in the DRHP, to be filed with Securities and Exchange Board of India and relevant stock exchanges, as required, in connection with the proposed Issue. The Restated Financial Information have been prepared by the management of the Company on the basis of preparation stated in note 2 (a) to the Restated Financial Information. The Company's Board of Director responsibility includes designing, implementing and maintaining adequate internal control relevant to the preparation and presentation of the Restated Financial Information. The Board of Directors are also responsible for identifying and ensuring that the Group complies with the Act, ICDR Regulations and the Guidance Note.
3. We have examined such Restated Financial Information taking into consideration:
 - a) The terms of reference and terms of our engagement agreed upon with you in accordance with our engagement letter dated April 18, 2025 in connection with the proposed Issue;
 - b) The Guidance Note. The Guidance Note also requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI;
 - c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Financial Information; and
 - d) The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and the Guidance Note in connection with the Issue.
4. These Restated Financial Information have been compiled by the management from:
 - a) Special purpose Interim Ind AS audited consolidated financial statements of the Group for the nine months period ended December 31, 2024 prepared in accordance with Indian Accounting Standard (Ind AS) 34 "Interim Financial Reporting", specified under section 133 of the Act and other accounting principles generally accepted in India (the "Special Purpose Interim Consolidated Ind AS Financial Statements") which have been approved by the Board of Directors at their meeting held on June 17, 2025
 - b) Special purpose Ind AS audited standalone financial statements of the Company for the years ended March 31, 2024, March 31, 2023 and March 31, 2022 prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India (the "Special Purpose Standalone Ind AS Financial Statements"), after taking into consideration the requirements of ICDR Regulations and which have been approved by the Board of Directors at their meetings held on June 17, 2025.

The Company has voluntarily adopted Ind AS and accordingly the Company has prepared its standalone financial statements for the year ended March 31, 2024 in accordance with Ind AS notified under Section 133 of the Companies Act, 2013, the Companies (Indian Accounting Standard) Rules, 2015, each as amended, and consequently April 01, 2022 is the transition date for preparation of its statutory financials statements as at and for the year ended March 31, 2024. The standalone financial statements as at and for the year ended March 31, 2024, were the first financials, prepared in accordance with Ind-AS. Up to financial year ended March 31, 2023, the Company prepared its financial statements in accordance with accounting standards, notified under the section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules 2014, ("Indian GAAP "or "Previous GAAP") due to which the special purpose Ind AS audited standalone financial statements for the years ended March 31, 2023 and March 31, 2022 were prepared as per ICDR Regulations.

The special purpose Ind AS audited standalone financial statements as at and for the year ended March 31, 2022 have been prepared after making suitable adjustments to the accounting heads from their Indian GAAP values following accounting policy and accounting policy choice (both mandatory exceptions and optional exemptions availed as per Ind AS 101) consistent with that used at the date of transition to Ind AS (April 1, 2022).

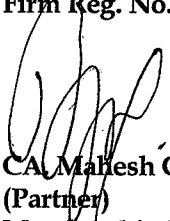

5. For the purpose of our examination, we have relied on:
- a) Auditors' reports issued by us dated June 17, 2025 on the Special Purpose Interim Consolidated Ind AS Financial Statements of the Group as at and for the nine month period ended December 31, 2024, as referred in Paragraph 4 (a) above; and
 - b) Auditors' reports issued by us dated June 17, 2025 on the Special Purpose Standalone Ind AS Financial Statements of the Company as at and for the years ended March 31, 2024, March 31, 2023 and March 31, 2022, respectively as referred in Paragraph 4 (b) above.
6. Based on our examination and according to the information and explanations given to us and management for the respective periods/years, we report that the Restated Financial Information:
- a) have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping/reclassifications retrospectively in the financial years ended March 31, 2024, March 31, 2023 and March 31, 2022 and for the nine month period ended December 31, 2024, as applicable, to reflect the same accounting treatment as per the accounting policies and grouping/classifications followed as at and for the nine month period ended December 31, 2024;
 - b) do not contain any qualifications requiring adjustments in the respective auditor's reports on the Special Purpose Interim Consolidated Ind AS Financial Statements of the Group as at and for the nine month period ended December 31, 2024 and Special Purpose Standalone Ind AS Financial Statements of the Company as at and for the years ended March 31, 2024, March 31, 2023 and March 31, 2022; and
 - c) have been prepared in accordance with the Act, ICDR Regulations and the Guidance Note.

7. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.
8. The Restated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of the reports on the Special Purpose Interim Consolidated Ind AS Financial Statements and Special Purpose Standalone Ind AS Financial Statements mentioned in paragraph 4 above.
9. We have not audited any financial statements of the Group as of any date or for any period subsequent to December 31, 2024. Accordingly, we express no opinion on the financial position, results of operations, cash flows and statement of changes in equity of the Group as of any date or for any period subsequent to December 31, 2024.
10. This report should not in any way be construed as a reissuance or re-dating of any of the previous audit reports issued by us nor should this report be construed as a new opinion on any of the financial statements referred to herein.
11. We have no responsibility to update our report for events and circumstances occurring after the date of the report.
12. Our report is intended solely for use of the Board of Directors for inclusion in the DRHP to be filed with Securities and Exchange Board of India and the relevant stock exchanges, where applicable, in connection with the proposed Issue. Our report should not be used, referred to, or distributed for any other purpose except with our prior consent in writing. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this report is shown or into whose hands it may come without our prior consent in writing.

and the Restated Standalone Statement of Profit and Loss (including Other Comprehensive Income), the Restated Standalone Statement of Cash Flow and the Restated Standalone Statement of Changes in Equity for the years ended March 31, 2024, March 31, 2023, March 31, 2022, and the Summary Statement of Material Accounting Policies and Explanatory Information (collectively, the 'Restated Financial Information' / 'Restated Financial Statements'). These Restated Financial Information of the Group has been approved by the Board of Directors of the Holding Company on June 17, 2025 and have been specifically prepared by the Management of the Holding Company for the purpose of inclusion in the Draft Red Herring Prospectus ('DRHP') in connection with the proposed Initial Public Offering ('IPO') of its equity shares (referred to as 'Issue')

The Restated Financial Information have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies Act, 2013 ('the Act'), read with Companies (Indian Accounting Standards) Rules, 2015, as amended, and other applicable guidance.

The Restated Financial Information have been specifically prepared by the management as required under the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations") issued by the Securities and Exchange Board of India ('SEBI'), In pursuance of the Securities and Exchange Board of India Act, 1992, for inclusion in the Draft Red Herring Prospectus (DRHP) to be filed by the Holding Company with the Securities and Exchange Board of India (SEBI) in connection with the proposed Initial Public Offer of equity shares ('IPO') of the Holding Company (referred to as the "Issue"). The Restated Financial Information has been prepared by the management of the Holding Company to comply in all material respects with the requirements of:

- a) Section 26 of Part I of chapter III of the Companies Act, 2013 ("the Act");
- b) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("ICDR Regulations"); and
- c) The Guidance Note on Reports in Company Prospectuses (Revised 2019) issued by the Institute of Chartered Accountants of India ("ICAI"), as amended from time to time (the "Guidance Note");

The Restated Financial Information has been compiled by the management from:

- a) Special purpose Audited Consolidated Financial Statements of the Group as at and for the period ended 31 December 2024 prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on June 17, 2025.
- b) Special purpose Audited Financial Statements of the Holding Company as at and for the years ended 31 March 2024, 31 March 2023 and 31 March 2022 prepared in accordance with the Ind AS as prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules 2015, as amended, and other accounting principles generally accepted in India, which have been approved by the Board of Directors at their meeting held on June 17, 2025.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

The Restated Financial Information have been prepared after incorporating adjustments for the changes in accounting policies, material errors and regrouping / reclassifications retrospectively in the financial years ended 31 March, 2024, 31 March 2023 and 31 March 2022 to reflect the same accounting treatment as per the accounting policy and grouping / classifications followed as at and for the period ended 31 December, 2024.

Further, there were no changes in accounting policies during the year of these Special Purpose Financial Statements. There were no material amounts which have been adjusted for, in arriving at profit / loss of the respective periods (Refer Note No. 60 - Statement of adjustments to the audited financial statements); and These Restated Financial Information have been prepared on going concern basis using the material accounting policies and measurement bases summarized below.

These accounting policies have been used throughout all periods presented in the Restated Financial Information, unless otherwise stated and are consistent with those adopted in the preparation of financial statements for the period ended December 31, 2024. These Restated Financial Information do not reflect the effects of events that occurred subsequent to the respective dates of board meeting on the audited Financial Statements mentioned above.

The Restated Financial Information have been prepared on a historical cost basis, except for certain financial assets and liabilities that are measured at fair value or amortized cost, as required under Ind AS.

The Group's functional and presentation currency is Indian Rupees (INR), and all values are rounded to the nearest million except when otherwise indicated.

b. Basis of consolidation

The Restated Financial Information comprise the financial statements of Holding Company and all of its subsidiaries as at 31 December 2024. The financial statements of the entities used for the purpose of consolidation are drawn up to same reporting date as that of the Holding Company. Subsidiaries are all entities over which, Holding Company exercises control. Holding Company exercises control only if it has the following:

- a) power over the entity
- b) exposure, or rights, to variable returns from its involvement with the entity; and
- c) the ability to use its power over the entity to affect the amount of its returns.

The Holding Company or any of its subsidiaries, whether it controls an entity, if facts and circumstances indicate that there are changes to one or more of the three elements of control. The difference between the cost of investment in subsidiaries (investee company) to the Group and the proportionate share in the equity of the investee Company as at the date of acquisition of stake is recognised in the Restated Financial Information as Goodwill or Capital Reserve, as the case may be. Goodwill arising on consolidation is tested for impairment at the Balance Sheet date. Non-controlling interests which represent part of the net profit or

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Group, are excluded.

The financial statements of the companies under the Group are consolidated on a line-by-line basis and intra-group balances and transactions including unrealised gain / loss from such transactions are eliminated upon consolidation.

These financial statements are prepared by applying uniform accounting policies in use at the Group level.

The Consolidation of the financial statements of subsidiaries begins on the date control is established. Subsidiaries are fully consolidated from the date on which control is transferred to the Group, and they are de-consolidated from the date that control ceases. Non-controlling interests is the equity in a subsidiary not attributable to a parent and presented separately from the parent's equity. Non-controlling interests consist of the amount at the date of the business combination and its share of changes in equity since that date. Profit or loss and other comprehensive income are attributed to the controlling and non-controlling interests in proportion to their ownership interests, even if this results in the non-controlling interests having a deficit balance. However, in case where there are binding contractual arrangements that determine the attribution of the earnings, the attribution specified by such arrangement is considered.

For the years ended 31 March 2024, 31 March 2023 and 31 March 2022, Holding Company does not have any Subsidiary / Associate Company, thereby are not require to prepare consolidated financial statements for respective years.

c. Use of Estimates

The preparation of financial statements in conformity with Ind AS requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

d. Classification of Assets and Liabilities into Current/Non-Current

The Group presents assets and liabilities in the balance sheet based on current/non-current classification.

Current Assets: An asset is classified as current when it is expected to be realized, or intended to be sold or consumed in the normal operating cycle, or within 12 months after the reporting period, or it is cash or a cash equivalent unless restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

Non-Current Assets: All assets other than Current Assets are classified as non-current.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

Current Liabilities: A liability is classified as current when it is expected to be settled in the normal operating cycle, or it is due to be settled within 12 months after the reporting period, or there is no unconditional right to defer the settlement of the liability for at least 12 months after the reporting period.

Non-Current Liabilities: All liabilities other than Current Liabilities are classified as non-current.

The Group's operating cycle is the time between the acquisition of assets for processing and their realization in cash or cash equivalents. The Group has identified less than 12 months as its operating cycle.

e. Business combinations

Business combinations are accounted for using the acquisition method. The acquisition method involves the recognition of the acquiree's identifiable assets and liabilities, including contingent liabilities, regardless of whether they were recorded in the financial statements prior to acquisition. On initial recognition, the assets and liabilities of the acquired subsidiary are included in the consolidated balance sheet at their fair values, which are also used as the bases for subsequent measurement in accordance with the Group's accounting policies. Goodwill is stated after separating out identifiable intangible assets. Goodwill represents the excess of acquisition cost over the fair value of the Group's share of the identifiable net assets of the acquiree at the date of acquisition. Any excess of identifiable net assets over acquisition cost is recognised in the other comprehensive income on the acquisition date and accumulated in equity as capital reserve. Acquisition related costs are accounted for as expenses in the period in which they are incurred and the services are received.

Business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties, both before and after the business combination, and where that control is not transitory, is referred to as business combinations of entities under common control. The accounting policy of the Group is to account for the assets and liabilities of acquired entities at their book values in its consolidated financial statements. The book value of the assets and liabilities of an acquired entity is the book value as reflected in the standalone financial statements. The excess of the fair value of the consideration paid (in cash and in kind) over the acquirer's proportionate share of the net asset value acquired is adjusted in other equity.

As per Ind AS 103, common control business transaction include transactions, such as transfer of subsidiaries, between entities within the Group and the business combination under common control is being accounted for using pooling of interest method.

The following accounting has been followed:

- i. The assets and liabilities of the combining entities are reflected at their carrying amounts.
- ii. No adjustments are made to reflect fair values, or recognise any new assets or liabilities. The only adjustments that are made are to harmonise accounting policies.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

- iii. The financial information in the financial statements in respect of prior periods has been as if the business combination had occurred from the beginning of the preceding period in the financial statements, irrespective of the actual date of the combination.
- iv. The balance of the retained earnings appearing in the financial statements of the transferor is aggregated with the corresponding balance appearing in the financial statement of the transferee.
- v. The identity of the reserves shall be preserved and shall appear in the financial statements of the transferee in the same form in which they appeared in the financial statements of the transferor.

f. Property, Plant, and Equipment (PPE)

PPE are recognized at cost, less accumulated depreciation and impairment losses, if any. Cost includes the purchase price and directly attributable costs to bring the asset to its working condition for intended use.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset if it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably.

Depreciation on PPE is provided using the Written Down Value (WDV) method over the estimated useful lives of the assets as prescribed under Schedule II to the Companies Act, 2013. The residual values, useful lives, and methods of depreciation are reviewed at each financial year-end and adjusted prospectively if necessary.

FA were held in the name of erstwhile partnership firm and were transferred to the Company pursuant to conversion of the same effective 20 June 2022.

For property, plant and equipment existing as at date of transition to Ind AS, the Company has used Indian GAAP carrying values as deemed cost as permitted by Ind AS 101 - First time adoption. Accordingly, the net written down value as per previous GAAP has been considered as deemed cost under Ind AS.

g. Capital Work-in-Progress (CWIP)

Capital Work-in-Progress includes the cost of PPE that is under construction or not yet ready for intended use as at the balance sheet date.

CWIP is carried at cost, comprising direct cost, related incidental expenses, and borrowing costs where applicable.

h. Intangible Assets and Amortization

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

Intangible assets with finite lives are amortized over their useful economic lives on a straight-line basis and are assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at each financial year-end.

Intangible assets with indefinite useful lives are not amortized but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

i. Impairment of Non-Financial Assets

At each reporting date, the Group assesses whether there is any indication that an asset may be impaired. If any indication exists, the Group estimates the asset's recoverable amount, which is the higher of its fair value less costs to sell and its value in use.

If the carrying amount of the asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognized in the statement of profit and loss. For assets, excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such an indication exists, the Group estimates the asset's or cash-generating unit's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognized.

j. Government Grants

Government grants are recognized where there is reasonable assurance that the grant will be received, and all attached conditions will be complied with.

When the grant relates to an asset, the cost of the asset is presented net of the grant received. The grant is recognized in the statement of profit and loss over the useful life of the depreciable asset as a reduced depreciation expense.

When the grant is related to revenue, it is recognized as income on a systematic basis over the periods necessary to match them with the related costs, which they are intended to compensate.

k. Provisions, Contingent Liabilities, and Contingent Assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects current market assessment of time value of money and, where appropriate, the risks specific to the liability. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each reporting date and are adjusted to reflect the current best estimate.

A present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non -occurrence of one or more uncertain future events not wholly within the control of the Group.

Claims against the Group where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent assets are not recognised in special purpose financial statements since this may result in the recognition of income that may never be realised. However, when the realization of income is virtually certain, then the related asset is not a contingent asset and is recognised. A contingent asset is disclosed, in special purpose financial statements, where an inflow of economic benefits is probable.

The Group gives a warranty between 25 to 30 years on solar modules designed, manufactured and supplied by the Group. In order to meet the expected outflow of resources against future warranty claims, the Group makes a provision for warranty. These estimates are established using historical trends & current cost of insuring the product' performance warranty and may vary as a result of new materials, altered manufacturing processes or other events affecting product quality. This provision for warranty represents the expected future outflow of resources against claims for performance shortfall on account of manufacturing deficiencies over the assured warranty life.

1. Income Taxes

Current tax is recognized based on the taxable profit for the year, using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the special purpose financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, unused tax losses, and unused tax credits can be utilized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities, and when the deferred tax balances relate to the same taxation authority.

m. Investments and other financial assets

i) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through statement of profit and loss); and
- those measured at amortized cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

ii) Initial measurement

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets at fair value through profit or loss) are added to the fair value of the financial assets, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets at fair value through profit or loss are recognised immediately in statement of profit and loss.

iii) Subsequent measurement – debt instruments

Subsequent measurement of the debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. The Group classifies its debt instruments in the following three categories:

Amortized cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. A gain or loss on a debt investment that is subsequently measured at amortized cost and is not a part of the hedging relationship is recognized in the statement of profit and loss when the asset is derecognized or impaired. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through other comprehensive income (FVTOCI): Assets that are held for collection of contractual cash flows and for selling the financial assets where the assets cash flows represent solely payments of principal and interest are measured at fair value through other comprehensive income (OCI). Movements in the carrying amount are taken through OCI, except for recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognized in the statement of profit and loss. When financial asset is derecognized, the cumulative gain or loss previously recognized in

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

OCI is reclassified from equity to profit or loss and recognized in other gains / losses. Interest income from these financial assets is included in other income using the effective interest rate method.

Fair value through profit or loss (FVTPL): Assets that do not meet the criteria for amortized cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not a part of hedging relationship is recognized in the statement of profit and loss. Interest income from these financial assets is included in other income.

iv) Subsequent measurement – equity instruments

The Group subsequently measures all equity instruments at fair value. When the management has elected to present fair value gains and losses on equity instruments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to statement of profit and loss. Dividends from such investments are recognized in the statement of profit and loss as other income when the Group's right to receive payment is established. Changes in the fair value of financial assets at FVTPL are recognized in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

v) Impairment of financial assets

Expected credit losses are recognised for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

Expected credit losses is the weighted-average of difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Group is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

In respect of trade receivables, the Group applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

For financial assets other than trade receivables, the Group recognises 12 month expected credit losses as per Ind AS 109 for all originated or acquired financial assets, if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses, if the credit risk on financial asset increases significantly since its initial recognition. The Group assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

vi) De-recognition of financial assets

A financial asset is de-recognized when the Group has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients. When the Group has transferred an asset, it evaluates whether it has transferred substantially all the risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized. When the Group has neither transferred a financial asset nor retains substantially all the risks and rewards of ownership of the financial asset, the financial asset is derecognized if the Group has not retained control of the financial asset.

n. Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortized cost, using the effective interest rate method. Interest-bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortized cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognized over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

Fair value measurement of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgements and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), correlation and volatility.

Derivative financial instrument

The Group holds derivative financial instruments such as foreign exchange forward contracts (not designated as cash flow hedges) to mitigate the risk of changes in exchange rates on foreign currency exposures. The counterparty for these contracts is generally a bank.

Financial assets or financial liabilities, at fair value through profit or loss

This category has derivative financial assets or liabilities which are not designated as hedges. Although the Group believes that these derivatives constitute hedges from an economic perspective, they may not qualify for hedge accounting under Ind AS 109 Financial Instruments. Any derivative that is either not designated as hedge, or is so designated but is ineffective as per Ind AS 109, is categorized as a financial asset or financial liability, at fair value through profit or loss. Derivatives not designated as hedges are recognized initially at fair value and attributable transaction costs are recognized in net profit in the statement of profit and loss when incurred. Subsequent to initial recognition, these derivatives are measured at fair value through profit or loss and the resulting exchange gains or losses are included in other income. Assets/liabilities in this category are presented as current assets/current liabilities if they are either held for trading or are expected to be realized within 12 months after the balance sheet date.

Derecognition of financial liabilities

The Group derecognizes financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire.

o. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction, or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

p. Earnings Per Share

Basic earnings per share is calculated by dividing the profit attributable to equity holders of the Group by the weighted average number of equity shares outstanding during the financial year. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue and share split that have changed the number of equity shares outstanding, without a corresponding change in resources.

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account the after-income tax effect of interest and other financing costs associated with dilutive potential equity shares and the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

q. Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

r. Cash flows statement

Statement of cash flows is prepared segregating the cash flows into operating, investing and financing activities.

Cash flows are reported using the indirect method, whereby net profit for the period is adjusted for the effects of transactions of non-cash nature, working capital changes, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows.

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash on hand, cash at banks, other short-term deposits and highly liquid investments with original maturity of three months or less that are readily convertible into cash.

s. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM is responsible for allocating resources and assessing the performance of the operating segments.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

Identification of segments is based on the Group's business model, where the main activity is the sale of Solar PV modules, which is considered a single reportable segment.

The Group operates in a single geographical segment, primarily within India.

t. Revenue Recognition

(i) Revenue from Contracts with Customers

Revenue is recognised on the basis of approved contracts regarding the transfer of goods or services to a customer for an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Revenue is measured at the fair value of consideration received or receivable taking into account the amount of discounts, incentives, volume rebates, and outgoing taxes on sales.

In case of EPC contracts, when the outcome of a EPC contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the end of the reporting period, measured based on the proportion of contract costs incurred for work performed to date relative to the estimated total contract costs, except where this would not be representative of the stage of completion. Operating or service revenue is recognised in the period in which services are rendered by the Group

Variations in contract work, claims and incentives payments are included to the extent that the amount can be measured reliably and its receipt is considered probable. When the outcome of a construction contract cannot be estimated reliably, contract revenue is recognised to the extent of contract cost incurred that it is probable will be recoverable. Contract costs are recognised as an expense in the period in which they are incurred. When it is probable that total contract costs will exceed total contract revenue, the expected loss is recognised as an expense immediately.

Significant financing component – Generally, the Group receives short-term advances from its customers.

Using the practical expedient in Ind AS 115, the Group does not adjust the promised amount of consideration for the effects of a significant financing component if it expects, at contract inception, that the period between the transfer of the promised good or service to the customer and when the customer pays for that good or service will be one year or less.

(ii) Dividend income is accounted for when the right to receive the income is established.

(iii) Interest income is recognised using the Effective Interest Rate Method.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

u. Employee Benefit Expenses

i) Short term employee benefits: A liability is recognised for benefits accruing to employees in respect of wages, salaries and annual leaves in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

ii) Long term employee benefits: Liabilities recognised in respect of long term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date.

The Group operates a defined benefit gratuity plan in India. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss. The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer the settlement for at least twelve months after the reporting date.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

iii) Termination benefits: A liability for a termination benefit is recognised at the earlier of when the entity can no longer withdraw the offer of the termination benefit and when the entity recognises any related restructuring costs.

iv) Defined contribution plans: Payments to defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions. Payments made to state managed retirement benefit plans are accounted for as payments to defined contribution plans where the Group's obligations under the plans are equivalent to those arising in a defined contribution retirement benefit plan.

v) Defined benefit plans: For defined benefit retirement benefit plans, the cost of providing benefits is determined using the Projected Unit Credit Method, with actuarial valuations being carried out at the end of each annual reporting period. Remeasurements comprising actuarial gains and losses, the effect of the asset ceiling (if applicable) and the return on plan assets (excluding interest) are recognised immediately in the balance sheet with a charge or credit to other comprehensive income in the period in which they occur. Remeasurements recognised in other comprehensive income are not reclassified. Actuarial valuations are being carried out at the end of each annual reporting period for defined benefit plans.

The retirement benefit obligation recognised in the financial statements represents the deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

The Group pays gratuity to the eligible employees whoever has completed five years of service with the Group at the time of resignation/ superannuation. The gratuity is paid by following existing applicable norms, i.e. 15 days salary for each completed year of service as per the Payment of Gratuity Act, 1972.

The Company makes provision of such gratuity liability in the books of accounts on the basis of actuarial valuation as per the projected unit credit method.

Risk analysis

Actuarial Risk

It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:
Adverse Salary Growth Experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption then the Gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption then the Gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

· *Liquidity Risk*

Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign/retire from the Company there can be strain on the cash flows.

· *Market Risk*

Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in Defined Benefit Obligation of the plan benefits and vice versa. This assumption depends on the yields on the corporate /government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

· *Legislative Risk*

Legislative risk is the risk of increase in the plan liabilities due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the Defined Benefit Obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

v. Inventories

Inventories are stated at the lower of cost and net realisable value.

Cost of raw materials include cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost of finished goods and work in progress include cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost of traded goods include purchase cost and inward freight. Costs of inventories are determined on FIFO basis. Net realisable value represents the estimated selling price for inventories (including raw materials and finished goods) less all estimated costs of completion and costs necessary to make the sale.

w. Leases

As a lessee: The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use assets are

Rayzon Solar Limited

(formerly known as Rayzon Solar Private Limited)

CIN: U29309GJ2022PLC133026

Notes forming part of the restated financial information

2 Material accounting policies (*continued*)

subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at amortised cost at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using the incremental borrowing rate.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases of all assets that have a lease term of 12 months or less, leases of low-value assets and cancellable leases. The Group recognises the lease payments associated with these leases as an expense in statement of profit and loss.

As a lessor: Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature. The Group did not need to make any adjustments to the accounting for assets held as lessor as a result of adopting the new leasing standard.

x. Exceptional items

Exceptional items refer to items of income or expense, including tax items, within the statement of profit and loss from ordinary activities which are non-recurring and are of such size, nature or incidence that their separate disclosure is considered necessary to explain the performance of the Group.

y. Transaction in Foreign Currencies:

Foreign currency transactions are translated in to functional currency at the exchange rates prevailing on the date of such transactions. Foreign currency monetary assets and liabilities as at the balance sheet date are translated at the rates of exchange prevailing at the date of the balance sheet. Gains and losses arising on account of differences in foreign exchange rates on settlement / translation of foreign currency monetary assets and liabilities are recognized in the statement of profit and loss in the year in which they are incurred. Non-monetary foreign currency items that are measured at fair value are translated using the exchange rates when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as a part of the fair value gain or loss.

z. Cost recognition

Costs and expenses are recognised in statement of profit and loss when incurred and are classified according to their nature.

Nature and purpose of reserves

- Retained Earnings:** Retained Earnings are the profits that the Group has earned during the year, less any transfer to General Reserve, dividends or other distributions paid to shareholders.
- Other Comprehensive Income:** Other Comprehensive Income reflects items not recognized in profit or loss, such as revaluation gains, actuarial gains or losses, and foreign currency adjustments, with their impact on total comprehensive income detailed here.
- Capital Reserve:** This represents the capital reserve arisen on accounting for business combination under common control business combinations. The amount of capital reserve represents the difference between the consideration paid for acquisition and the share capital of the merged entities.
- Partner's Capital of erstwhile partnership classified as equity:** For the purpose of preparation of these restated financial information, promoters' money in the form of share capital is treated as equity in the business. Hence, equity 10,000 equity shares issued pursuant to conversion of the erstwhile partnership firm into company has been treated as equity shares from April 1, 2021 and the balance of partner's capital amounting to Rs. 63.18 million as on April 1, 2021 has been treated as other equity.

Capital Management:

For the purpose of the Company's capital management, capital includes issued equity capital and all other equity reserves attributable to the equity holders of the company. The primary objectives of the company's capital management is to maximise the shareholder value while providing stable capital structure that facilitate considered risk taking and pursued of business growth.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and business opportunities. To maintain or adjust the capital structure, the company may adjust the dividend payment to shareholders, raise/ pay down debt or issue new shares.

Particulars	As at December 31, 2024	As at March 31, 2024	As at March 31, 2023	As at March 31, 2022
Total Borrowings	769.15	568.75	168.79	134.08
(-) Cash and bank balances	(325.34)	(249.88)	(16.58)	(15.82)
Net debts (A)	443.81	318.87	152.21	118.26
Share capital	30.00	30.00	30.00	0.10
Other equity	3,235.87	841.98	233.40	144.47
Total Equity (B)	3,265.87	871.98	263.40	144.57
Net debt to equity ratio	0.14	0.37	0.58	0.82

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current period.

No changes were made in the objectives, policies or processes for managing capital during the aforesaid periods.

Balances of certain trade receivables, trade payables and loans and advances are subject to confirmation / reconciliation, if any. The management has considered various known internal and external information available i.e. subsequent receipts/payments, invoices, debit note/credit notes etc. up to the date of approval of financial statements. Accordingly, Management does not expect any material difference affecting the financial statements on such reconciliation / adjustments.

Notes to Restated Financial Information

41 Leases

The Company has lease agreement usually for a period ranging from 1 to 6 years. With the exception of short-term leases and leases of low-value underlying assets, each lease is reflected on the balance sheet as a right-of-use asset and a lease liability. The Company classifies its right-of-use assets in a consistent manner to its property, plant and equipment.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublease the asset to another party, the right-of-use asset can only be used by the Company. The Company is prohibited from selling or pledging the underlying leased assets as security.

(a) Contractual maturities of lease liabilities on an undiscounted basis

Particulars	As at 31 December 2024	As at 31 March 2024	As at 31 March 2023	As at 31 March 2022
- Less than one year	2.99	-	-	-

Notes to Restated Financial Information

43 Financial Instruments- Accounting, classifications and fair value measurements:

The fair values of the financials assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- ☐ Fair value of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to the short term maturities of these instruments.
- ☐ Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluations, allowances are taken to account for the expected losses of these receivables.

The Company uses the following hierarchy for determining and disclosing the fair value of financials instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets and liabilities

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

Particulars	Carrying Amount	Fair value measurement using Level 3	Fair value measurement using Level 1

Notes to Restated Financial Information

44 Financial risk management objectives and policies:

Objectives and policies :

The management of the Holding Company has implemented a risk management system that is monitored by the Board of Directors. The general conditions for compliance with the requirements for proper and future-oriented risk management within the Holding Company are set out in the risk management principles. These principles aim at encouraging all members of staff to responsibly deal with risks as well as supporting a sustained process to improve risk awareness. The guidelines on risk management specify risk management processes, compulsory limitations, and the application of financial instruments. The risk management system aims at identifying, analyzing, managing, controlling and communicating risks promptly throughout the Holding Company. Risk management reporting is a continuous process.

The Group is exposed to credit, liquidity and market risks (foreign currency risk and Interest Rate Risk) during the course of ordinary activities. The aim of risk management is to limit the risks arising from operating activities and associated financing requirements by applying selected derivative and non-derivative hedging instruments.

a) Market Risk

i) Currency Risk

The Group is exposed to exchange rate risk as major portion of our revenues and expenditure are denominated in foreign currencies. We import certain raw materials, the price of which we are required to pay in foreign currency, which is mostly the U.S. dollar or Chinese yuan. Products that we export are paid for in foreign currency, which together acts as a natural hedge. Any appreciation/depreciation in the value of the Rupee against U.S. dollar, Chinese yuan or other foreign currencies would increase/ decrease the Rupee value of debtors/ creditors. For exposure beyond natural hedge, the Group uses foreign exchange derivatives such as foreign exchange forward contracts to minimize the risk.

Foreign currency exposure	As at 31 December 2024	As at 31 December 2024	As at 31 March 2024	As at 31 March 2024	As at 31 March 2023	As at 31 March 2023	As at 31 March 2022	As at 31 March 2022
Currency	USD in Millions	Amount in ₹	USD in Millions	Amount in ₹	USD in Millions	Amount in ₹	USD in Millions	Amount in ₹
Trade receivables	-	-	-	-	-	-	-	-
Trade payables	11.92	1,020.89	3.68	306.77	0.72	59.04	0.12	8.87
Cash & cash equivalents	-	-	-	-	-	-	-	-
Short Term Loan	1.79	154.04	-	-	-	-	-	-

Foreign currency sensitivity:	As at 31 December 2024	As at 31 March 2024	As at 31 March 2023	As at 31 March 2022
1 % increase or decrease in foreign exchange rates will have the following impact on profit before tax.				
1 % increase in USD rate - Increase / (Decrease in profit or loss)	(11.75)	(3.07)	(0.59)	(0.09)
1 % Decrease in USD rate - Increase / (Decrease in profit or loss)	11.75	3.07	0.59	0.09

ii) Interest Rate Risk

Interest rate risk results from changes in prevailing market interest rates, which can cause a change in the fair value of fixed rate instruments and changes in the interest payments of the variable rate instruments. The management is responsible for the monitoring of the group interest rate position. Various variables are considered by the management in structuring the group borrowings to achieve a reasonable, competitive cost of funding. The Group has interest rate risk exposure mainly from changes in rate of interest on borrowing.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rate on that portion of loan and borrowings affected. With all other variables held constant, the Group Company's profit before tax is affected through the impact on Floating rate borrowings, as follows:

Particulars	As at 31 December 2024	As at 31 March 2024	As at 31 March 2023	As at 31 March 2022
Effect on profit before tax				
0.5% increase in Basis point	4.64	3.49	1.07	0.90
Effect on profit before tax				
0.5% Decrease in Basis point	(4.64)	(3.49)	(1.07)	(0.90)

b) Exposure to Credit Risk

The Group does not expect any losses from the financial instruments of the Group result in material concentration of credit risk, except for trade receivables.

Financial asset for which loss allowance is measured using Lifetime Expected Credit Losses

Particulars	As at 31 December 2024	As at 31 March 2024	As at 31 March 2023	As at 31 March 2022
Trade Receivables	1,774.99	593.99	119.98	33.61

The ageing analysis of the receivables has been considered from the date the invoice falls due:

Notes to Restated Financial Information

44 Financial risk management objectives and policies:

c) Liquidity risk

Liquidity risk is the risk that the Group is unable to meet its existing or future obligations due to insufficient availability of cash or cash equivalents. Managing liquidity risk, and therefore allocating resources and hedging the Group Company's financial independence, are some of the central tasks of the Group's treasury department. In order to be able to ensure the Group Company's solvency and financial flexibility at all times, long-term credit limits and cash and cash equivalents are reserved on the basis of perennial financial planning and periodic rolling liquidity planning. The Group Company's financing is also secured for the next fiscal year.

Maturity profile of financial liability

The table below provide details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments:

As at 31 December 2024	Up to 12 months	More than 12 months	Total
Borrowings	957.07	769.15	1,726.22
Other Current Financial Liabilities	1.93	-	1.93
Trade Payables	2,218.02	-	2,218.02
Lease Liabilities	1.76	12.45	14.21

As at 31 March 2024	Up to 12 months	More than 12 months	Total
Borrowings	460.02	568.75	1,028.77
Other Current Financial Liabilities	0.62	-	0.62
Trade Payables	863.31	-	863.31

As at 31 March 2023	Up to 12 months	More than 12 months	Total
Borrowings	379.94	168.79	548.73
Trade Payables	374.64	-	374.64

As at 31 March 2022	Up to 12 months	More than 12 months	Total
Borrowings	325.26	134.08	459.34
Trade Payables	286.43	-	286.43

- 45 Rayzon Solar Limited ("the Holding Company") was incorporated on June 20, 2022, through the conversion of Partnership Firm (M/s. Rayzon Green Energies) into a Private Limited Company, in accordance with Part I of Chapter XXI of the Companies Act, 2013, and other applicable laws and regulations.

Further, w.e.f. May 13, 2025, Company has been converted from Private Limited Company to Public Limited Company.

However, due to practical challenges such as the opening of / change of name in bank accounts, day to day transactions till June 29, 2022 were recorded in partnership firm. Consequently, the balances related to these assets and liabilities generated for the period from June 20, 2022, to June 29, 2022, were transferred / recognized by the Holding Company on June 30, 2022.

As per the conversion approval, all Partners of the Firm were allotted equity shares of ₹ 0.10 Million in the Holding Company in proportion to their fixed capital in the Partnership Firm pursuant to Section 7 (1) (a) of the Companies Act, 2013. The Partners' current capital was treated as an unsecured loan from the Directors.

Notes to Restated Financial Information

46 Disclosure as required by Indian Accounting Standard (Ind AS) 12 Income Taxes

Particulars	For the Period ended December 31, 2024	For the year ended March 31, 2024	For the year ended March 31, 2023	For the year ended March 31, 2022
Current tax	818.24	202.14	89.87	21.60
Tax for earlier years	1.73	0.11	-	-
Deferred tax	(9.02)	5.63	0.35	(0.40)
Tax Expenses recognised in Statement of Profit and Loss	810.95	207.88	90.21	21.20
Reconciliation Tax Expense:				
Accounting profit before income tax	3,201.23	817.26	345.00	60.32
Applicable tax rate (In %)	25.168%	25.168%	25.168%	34.944%
Computed Tax Expense	805.68	205.69	86.83	21.08
Tax effect of amounts which are not deductible in calculating taxable income	3.53	2.08	3.38	0.12
Tax effect of amounts which are deductible in calculating taxable income	-	-	-	-
Tax for earlier years	1.73	0.11	-	-
Total Tax expense	810.95	207.88	90.21	21.20

Note: Tax Rate for the year ended March 31, 2023 comprise of two different tax rates i.e. 34.944% for the erstwhile partnership firm and 25.168% for the Company, post conversion. For tax reconciliation purpose we have considered rate of 25.168%.

- 47 In the opinion of the Board, any of the assets other than Property, Plant & Equipment and Non Current Investments have a value on realization in the ordinary course of the business at least equal to the amount at which they are stated. The provisions for all determined liabilities are adequate and not in excess of the amount reasonably required.

48 Earnings Per Share

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus share issues including changes effected prior to the approval of the consolidated financial statements by the Board of Directors.

Particulars	For the Period ended December 31, 2024	For the year ended March 31, 2024	For the year ended March 31, 2023	For the year ended March 31, 2022
Profit attributable to equity shareholders for calculation of Basic EPS	2,390.27	609.38	254.78	39.12
Add: Dividend and DDT paid to the preference shares	-	-	-	-
Profit attributable to equity shareholders for calculation of Diluted EPS	2,390.27	609.38	254.78	39.12
No. of shares at the end of the year/ period	300,000,000	300,000,000	300,000,000	1,000,000
Weighted average equity shares outstanding for calculation of Basic EPS	300,000,000	300,000,000	175,484,932	1,000,000
Weighted average equity shares outstanding for calculation of Diluted EPS	300,000,000	300,000,000	175,484,932	1,000,000
Basic earnings per equity share (non-annualized)	7.97	2.03	1.45	39.12
Basic earnings per equity share (annualized)	10.62	2.03	1.45	39.12
Diluted earnings per equity share (non-annualized)	7.97	2.03	1.45	39.12
Diluted earnings per equity share (annualized)	10.62	2.03	1.45	39.12

Note:

- (i) Subsequent to period ended 31 December 2024, the Holding Company has sub-divided each equity share of the face value of ₹ 10 each in the authorised capital of the Company, into 5 equity shares of ₹ 2 each fully paid-up. The Holding Company has further issued 28,50,00,000 number of equity shares as bonus issue in the ratio of 19:1 against existing 1,50,00,000 equity shares after split. Further, as per Ind AS 33 'Earnings Per Share', if the number of ordinary or potential ordinary shares outstanding increases as a result of share split or bonus share issue after the reporting period but before the financial statements are approved for issue, the per share calculations for those and any prior period financial statements presented shall be based on the new number of shares.
- (ii) Since, the status of the Company prior to June 20, 2022 was that of a partnership firm, therefore, the EPS for the Financial Year 2021-22 has been calculated considering the weighted average number of Equity Shares issued upon conversion i.e. 10,000 equity shares and for the Financial Year 2022-23 EPS has been calculated by considering the weighted average number of Equity Shares outstanding post conversion of the Erstwhile Partnership Firm into the Company and new shares subscribed by the shareholder. Effect of bonus shares and split of shares has also been given for the year 2021-22 and 2022-23 while calculating earnings per share.

49 Revenue from contract with customers:

Revenue from - Sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of - Sale of Solar PV modules product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

a) Reconciliation of the amount of revenue recognised in the statement of profit and loss with the contracted price:

Particulars	For the period ended December 31, 2024	For the year ended March 31, 2024	For the year ended March 31, 2023	For the year ended March 31, 2022
Revenue as per contracted price	19,691.24	12,799.15	6,977.44	2,639.43
Adjustments				
Discounts / rebates / incentives	(0.26)	-	(0.02)	-
Sales returns / credits / reversals	(153.63)	(87.79)	(6.96)	(22.74)
GST Rate difference	(4.47)	(25.03)	(1.53)	(0.25)
Other Operating Revenue	37.13	42.14	11.25	0.04
Total	19,570.01	12,728.47	6,980.18	2,616.48

b) Disaggregation of revenue

The management identified that Sale of Manufactured Goods as single operating segment for the purpose of making decision on allocation of resources and assessing its performance. However to meet the disclosure objective with respect to disaggregation of revenue under "Ind AS 115 Revenue from contract with Customers" the Group Company believes that disaggregation on the basis of "product categories" best depicts how the nature, amount, timing and uncertainty of its revenues and cash flows are affected by industry, market and other economic factors.

Type of Goods or Services	For the period ended December 31, 2024	For the year ended March 31, 2024	For the year ended March 31, 2023	For the year ended March 31, 2022

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the defined benefit obligation as recognised in the balance sheet.

There is no change in the methods and assumptions used in preparing the sensitivity analysis from previous year.

Notes to Restated Financial Information

51 Subsequent Event

In preparing these restated financial statements, the Group has evaluated events and transactions that occur during the period subsequent to December 31, 2024 for potential recognition or disclosure in the financial statements. These subsequent events have been considered through June 17, 2025, which is the date, the financial statements were available to be issued.

- (i) On January 31, 2025, a fire incident occurred at the Company's manufacturing unit located at Kim, Karanj, Surat, Gujarat – 394110. The fire primarily impacted the warehouse storage area situated at Block No. 94/1/3 within the factory premises, resulting in damage to raw materials, warehouse sheds, frame-cutting machines, and rooftop solar panels. There were no human casualties or injuries reported, as all employees present at the time of the incident were safely evacuated by the Company's safety officials and HR personnel.

Major Impact of the Fire Incident:

- Raw Materials: Damage to ARC glass, EVA, and aluminium, which are key raw materials used in solar panel manufacturing.
- Warehouse Shed: The warehouse shed, covering an approximate floor area of 6,165.42 sq. meters, was severely affected.
- Solar Panels: Rooftop solar panels with a total installed capacity of 1.65 MW were destroyed.

Insurance Coverage & Claim Status:

The Company holds a total insurance policy of ₹ 6,460.00 million, including inventory coverage of ₹ 4,000 million. A tentative claim of ₹ 782.40 million has been submitted to the insurance company. The claim assessment is currently in progress, and the final amount of loss will be determined and accounted for upon completion of the assessment.

While this event occurred after the balance sheet date, it does not impact the financial results for the period ended December 31, 2024, and has been disclosed as a non-adjusting subsequent event in accordance with applicable Indian Accounting Standard.

- (ii) **Share Split:** Pursuant to resolutions passed by Holding Company's shareholders in the Extra ordinary General Meeting held on 10 January, 2025, the authorised share capital of the Holding Company was sub-divided from 7,50,00,000 equity shares of face value ₹ 10 each to 37,50,00,000 equity shares of face value ₹ 2 each.
- (iii) **Bonus Issue:** Pursuant to resolutions passed by Holding Company's shareholders in the Extra ordinary General Meeting held on 30 January, 2025, the Holding Company has allotted 28,50,00,000 bonus shares of ₹ 2 each in the ratio of 19 fully paid-up bonus share for every 1 fully paid-up equity share held by the members as on 07 February, 2025, the record date as approved by the members by capitalizing a sum of ₹ 57,00,00,000.
- (iv) **Private Placement:** The Holding Company has issued 58,89,092 equity shares of face value ₹ 2 each at a price of ₹ 234 per share (including a premium of ₹ 232 per share), aggregating to ₹ 1,378.05 million, on a preferential basis by way of private placement on March 25, 2025. The said issuance was duly authorized by the Board of Directors at its meeting held on March 25, 2025, in accordance with the provisions of the Companies Act, 2013 and the rules made thereunder. The share issuance has been undertaken in compliance with applicable provisions of the Companies Act, 2013 and all other regulations applicable to the Company.

52 The Holding Company has entered into agreements (all effective from April 01, 2024) to acquire:

- 100% equity shares of Better Power Projects Private Limited from Rayzon Green Private Limited (formerly Better Energies Private Limited), and
- 66.67% equity shares of Rayzon Industries Private Limited (formerly known as Raybe Industries Private Limited) from individual shareholders.

53 Additional regulatory information

Additional Regulatory Information pursuant to Clause 6L of General Instructions for preparation of Balance Sheet as given in Part I of Division II of Schedule III to the Companies Act, 2013, are given hereunder to the extent relevant and other than those given elsewhere in any other notes to the Financial Statements.
